

“RETOOL THE SCHOOL”

... is a joint capital improvement program of the
Leonard ECA Foundation
and
Evangelical Christian Academy.

In the 2008-09 school year LECAF and ECA began to work together to inform donors of the immediate capital improvement priorities of the elementary and secondary schools. Many donors have become compelled to provide for these critical needs, thus, allowing tuition to be held at significantly low levels. This is just one way that LECAF and ECA are working together to assure the extraordinary value of a Classical and Christian education. We are grateful to everyone who has contributed to make this program so successful.

Some of the items purchased to date include:

- Science Curriculum
- Classroom Whiteboards
- Safety Equipment
- Laptop Computers
- Playground Upgrades
- Classical Curriculum (Latin and Rhetoric)
- Computers for Classrooms
- Science Lab Ventilation Apparatus

The lists below represent the current top-priority needs of the schools. Your donation to one of these items will assist in the provision of a high-quality and relevant Christian education.
